Contract shall bind the school district on its part to order from such successful bidder (except in the case of emergency) and to pay for at the contract prices, all items ordered and delivered, within 10 (ten) per cent over or under the award quantity, unless otherwise specified.
- 32. The placing in the mail of a notice of award or purchase order to a successful bidder, to the address given in his bid, will be considered sufficient notice of acceptance of contract.
- 33. If the successful bidder fails to deliver within the time specified, or within reasonable time as interpreted by the school district, or fails to make replacement of rejected articles, when so requested, immediately or as directed by the school district, the school district may purchase from other sources to take the place of the items rejected or not delivered. The school district reserves the right to authorize immediate purchase from other sources against rejections on any contract when necessary. On all such purchases the successful bidder agrees to reimburse the school district promptly for excess costs occasioned by such purchases. Should the cost be less, the successful bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.
- 34. A contract may be canceled at the successful bidder's expense upon non-performance of contract.
- 35. If the successful bidder fails to deliver as ordered, the school district reserves the right to cancel the contract and purchase the balance from other sources at the successful bidder's expense.

- 37. When materials, equipment or supplies are rejected, they must be removed by the successful bidder from the premises of the school district within five (5) days of notification. CONFIDENTIAL ATTORNEY-CLIENT COMMUNICATION

March 10, 2023

VIA EMAIL

Dr. Scott T. O'Brien JSD 020867 Superintendent Rocky Point Union Free School District 90 Rocky Point-Yaphank Road Rocky Point, NY 11778 supt@rockypoint.k12.ny.us

Re: Settlement Offer for Government Entity Claims Against JUUL Labs, Inc. ("JLI")

Dear Superintendent:

We are pleased to inform you that pursuant to the confidential, global "Government Entity Settlement Agreement" with JUUL Labs, Inc. ("JLI"), Rocky Point Union Free School District is eligible to receive a gross offer of \$46,620.00 to resolve its Government Entity claims against JLI. From that amount, attorneys' fees, case costs, and the courtordered Common Benefit Expense assessment will be deducted. In addition, any liens that may exist on the Settlement Funds must be satisfied and discharged before any Settlement Funds are released to Rocky Point Union Free School District.

This gross settlement offer amount was determined by an allocation method and group of objective factors approved by the court-appointed Mediator. The accompanying "JUUL School District Allocation Approach" document describes in detail those factors and the allocation methodology. The accompanying "Final Allocation: School Districts and Regional Education Agencies" document provides further information regarding the objective factors used in the allocation.

Please note, as explained further in the enclosed "Description of Confidential Settlement Agreement" document, the gross settlement offer amount set forth above does not include any portion of the Bonus Payment funds to which Rocky Point Union Free School District will ultimately be entitled. The Bonus Payment funds could result in an *additional* total payment of as much as 8.1% of the gross settlement offer stated above.

You are free to accept or reject this settlement offer, but we strongly recommend that you accept it. We believe that this is a fair and reasonable settlement

offer for your Government Entity claims against JLI given (a) significant uncertainties regarding JLI's solvency; (b) the JLI-related harm the Entity has suffered; and (c) the burdens, risks, uncertainties, time, and expense of continued litigation (expense that the Entity would ultimately bear). In our opinion, this Settlement is the best opportunity to receive fair and reasonable compensation for your Government Entity claims in the foreseeable future. Based upon the knowledge and experience we have gained through our years of involvement in the litigation against JLI, we believe that settling now and receiving payment for your Government Entity claims is clearly in your best interest.

If you reject this settlement offer, your Government Entity claims against JLI will continue in the court system. This will involve substantial additional delay and expense to you, and you also run the risk of ultimately receiving nothing for your claims against this defendant.

If you choose to follow our recommendation and accept your Government Entity settlement offer, please <u>carefully review all of the accompanying documents</u>, and then do ALL of the following:

1. An individual authorized by law to enter into settlement agreements on behalf of the Government Entity should sign the accompanying "Government Entity Release of All Claims" ("Release").

2. That same authorized individual should sign this letter where indicated below.

<u>Please return BOTH signed</u> documents as soon as possible. You must return <u>ALL</u> <u>PAGES of BOTH documents</u> so that the processing of your claim will not be delayed.

A. Effect of Signing the Release

Please keep in mind that by its authorized representative signing the Release, the Government Entity is agreeing to accept the settlement money offered by JLI through the Settlement Program and, in exchange, is giving up its right to a trial against JLI and the other Released Parties.¹ Of course, trial is risky because the Government Entity could win or lose its case. If the Entity goes to trial, the jury could award it more, less, or no money against JLI. In addition, even if the Entity is successful at trial, JLI always has the right to appeal any jury award. The appeal process may take anywhere from two to three years to complete and would result in additional costs and expenses in the Entity's case. Any money awarded by the jury would not be paid to the Entity until the appeal process is complete and only if a finding has been made in the Entity's favor. Further, an appeal could also ordered, meaning that the entire time-consuming, risky, and expensive litigation process would start over again.

¹ Paragraph 10 of the enclosed Release sets out all of the Released Parties.

Please note that the Release is a <u>full and final release of ALL claims</u> the Government Entity currently has, or may have in the future, against JLI and the other Released Parties "concerning and/or connected with JUUL Products and/or with any injury [the Government Entity] has ever claimed, or may at any time in the future claim, the Released Parties [including JLI] caused in whole or in part concerning and/or connected with JUUL Products." Please also note that, pursuant to the terms of the Release and the Settlement Agreement, the executed Release becomes effective concurrent with JLI's payment of the Initial Government Entity Settlement Agreement."

B. The Government Entity's Net Settlement Offer Amount

As indicated at the outset of this letter, the *net* settlement amount the Government Entity will receive will be the gross settlement amount after deductions for attorneys' fees, case costs, and the court-ordered Common Benefit Expense assessment. In addition, any liens that may exist on the Government Entity's Settlement Funds must be satisfied and discharged by the Government Entity before any Settlement Funds can be released to the Entity.

The Government Entity's gross settlement offer amount was determined by an allocation method and group of objective factors approved by the court-appointed Mediator. The accompanying "JUUL School District Allocation Approach" document and the "Final Allocation: School Districts and Regional Education Agencies" document describe in detail those factors and the allocation methodology. <u>Please feel free to contact us if you have any questions about how the settlement offer value for your Government Entity was determined</u>.

C. <u>When the Government Entity Should Expect to Receive Its Initial Settlement</u> <u>Payment</u>

As explained in the accompanying "Description of Confidential Settlement Agreement," JLI's Initial Settlement Payment into the Government Entity Settlement Trust Account will be paid within 45 days of the federal MDL Court's Final Approval of the proposed class action settlement against JLI involving economic loss claims by consumers who said they overpaid for JUUL's vaping products. On January 20, 2023, Judge Orrick granted preliminary approval of that proposed settlement. In an Order issued on January 30, 2023, Judge Orrick scheduled for August 9, 2023, the Final Approval Hearing on the proposed class action settlement. Thus, assuming Judge Orrick grants Final Approval of the class action settlement, JLI's Initial Settlement Payment into the Government Entity Settlement Trust Account would be made sometime after September 25, 2023.

The best way to ensure that your Government Entity receives its initial settlement payment as quickly as possible is to promptly review, sign, and return the Release and this letter, after you carefully review all of the accompanying documents. We will keep you apprised of any developments that may affect the timing of Judge Orrick's grant of final approval of the class action settlement and, thus, the anticipated date of JLI's Initial Settlement Payment to Government Entities.

Again, if your choose to follow our strong recommendation and accept your Government Entity settlement offer, please have an authorized official sign BOTH the Release and this letter where indicated and return all pages of BOTH executed documents to us as soon as possible.

If you have questions about any aspects of this aggregate Government Entity Settlement, this letter, the Release, or any of the accompanying documents, feel free to contact me at (212) 397-1000 ext 2008 or nfarnolo@napolilaw.com.

> Sincerely, Nicholas R. Farnolo, Esq.

READ AND AGREED:

I am an official of the Government Entity on whose behalf I am acting and affirm that I am authorized by law to enter into settlement agreements on behalf of the Government Entity. I affirm that any and all processes required by law for me to enter into a settlement agreement on behalf of the Government Entity have been followed. I affirm that I have read and understand this letter, the Release, and the accompanying disclosure documents, and I am consenting on behalf of the Government Entity to the terms of the aggregate settlement and the settlement offer described in this letter, the Release, and the accompanying documents.

DESCRIPTION OF CONFIDENTIAL SETTLEMENT AGREEMENT BETWEEN JUUL LABS, INC. AND SETTLING GOVERNMENT ENTITY PLAINTIFFS

Juul Labs, Inc., and its successors and assigns (collectively "JLI") has entered into a Settlement Agreement with court-appointed Plaintiffs' Leadership in MDL No. 2913 and JCCP No. 5052 (together "Plaintiffs' Leadership"¹) on behalf of all Settling Government Entity Plaintiffs and the JLI National Settlement Trust. The Settlement Agreement establishes a program to resolve, only as against JLI and the other Released Parties², the actions and claims that the Settling Government Entity Plaintiffs had, now have, or will have in the future against JLI in connection with the design, manufacture, production, advertisement, marketing, distribution, sale, use, and performance of JUUL Products.

Total Value of Settlement and Payment Schedule

Plaintiffs' Leadership negotiated a total gross Government Entity settlement fund with JLI of \$555,000,000 in Settlement Payments plus a maximum of \$45,000,000 in Government Entity Bonus Payments.

The <u>Settlement Payment</u> funds will be paid by JLI into the Government Entity Settlement Trust Account pursuant to the following schedule:³

- Initial Payment a maximum of \$300,000,000 to be paid within 45 days of Final Approval of the Class Action against JLI
- December 15, 2023 (Second) Payment a maximum of \$60,562,500
- December 15, 2024 (Third) Payment a maximum of \$60,562,500
- December 15, 2025 (Fourth) Payment a maximum of \$66,937,500
- December 15, 2026 (Fifth) Payment a maximum of \$66,937,500

Each Settlement Payment above will be divided such that the Municipality Portion is 21.5% and the School District Portion is 78.5%, *if all* Eligible Government Entity Plaintiffs agree to participate in this Settlement Program. Thus, the total *maximum* Settlement Payment funds to be received by the Settling Municipalities is \$119,000,000 and by the Settling School Districts is \$436,000,000. Pursuant to the Settlement Agreement, this allocation of the total Government Entity settlement fund was recommended and ultimately approved by the Mediator, Thomas J. Perrelli, who was appointed by the MDL Court.

¹ "Plaintiffs' Leadership" means the court-appointed Plaintiffs' Co-Lead Counsel in MDL No. 2913 (Sarah London, Dena Sharp, Ellen Relkin, and Dean Kawamoto), MDL Government Entity Liaison Counsel Tom Cartmell, and the court-appointed Public Entity Plaintiffs Co-Lead Counsel in JCCP No. 5052 (John Fiske and Rahul Ravipudi).

 $^{^{2}}$ The "Released Parties" are set out in the "Government Entity Release of All Claims" in Definition 10 (pages 2-3).

³ Under the terms of the Settlement Agreement, JLI has "the option to prepay the net present value of the remaining Annual Payments, at its election at an annualized discount rate of 12.5% of the nominal value of that portion of the remaining Annual Payments to which such prepayment is applied (which application shall be made in chronological order of the due date for such Annual Payments)."

Because the above payments by JLI are to be made over time, each Settling Government Entity Plaintiff will also receive its total allocated share of the Settlement Payment funds over time. That is, the Settling Government Entity will receive an Initial Payment of 54.05% of its total allocation, followed by: 10.91% of its total allocation on December 15, 2023; 10.91% on December 15, 2024; 12.06% on December 15, 2025; and 12.06% on December 15, 2026.

If an Eligible Government Entity Plaintiff declines to participate in this Settlement Program, an amount equal to that Government Entity's allocated share of the Initial Payment amount shall be deducted from the Initial Payment amount. And all subsequent payments to be made by JLI pursuant to the schedule above shall be similarly reduced to account for that non-settling Government Entity's allocated share.

The **Bonus Payment** funds will be paid by JLI into the Government Entity Settlement Trust Account pursuant to the following schedule:

- December 15, 2023 (along with Second Payment above) a maximum of \$10,687,500
- December 15, 2024 (with Third Payment) a maximum of \$10,687,500
- December 15, 2025 (with Fourth Payment) a maximum of \$11,812,500
- December 15, 2026 (with Fifth Payment) a maximum of \$11,812,500

Each Bonus Payment above will be divided such that the Municipality Portion is 21.5% and the School District Portion is 78.5%, *if all* Eligible Government Entity Plaintiffs agree to participate in this Settlement Program. Each Settling Government Entity will receive the same percentage of each Bonus Payment above as its percentage of the Total Allocation (as specified on the "Final Allocation: Counties and Cities" document).

As with the Settlement Payments above, if an Eligible Government Entity Plaintiff declines to participate in this Settlement Program, an amount equal to that Government Entity's allocated percentage share of the Initial Payment amount shall be deducted from each of the Bonus Payment amounts above.

In addition, the maximum Bonus Payment amounts above will be reduced under the terms of the Settlement Agreement if any New Government Entity Suit is filed during the time period of this Settlement Program. Any such lawsuit, filed by a Government Entity that is not an Eligible Government Entity Plaintiff under the Settlement Agreement, will result in a total deduction from the Bonus Payments of no less than \$50,000 and no greater than the estimated allocation that such New Government Entity would have received had its lawsuit been filed prior to October 3, 2022 (but after September 1, 2022).

Settlement Offer Values and the Claim Valuation Process

In order to be an Eligible Government Entity Plaintiff and participate in the Settlement Program, the Government Entity must have (1) filed a claim or cause of action against JLI or any Released Party as of December 6, 2022, or (2) retained, by no later than December 6, 2022, counsel who represent a different Eligible Government Entity Plaintiff that filed prior to December 6, 2022. A Government Entity under the Settlement Agreement is any U.S. domestic government entity, including but not limited to school districts, counties, cities, and municipalities (but not including Native American Tribes, U.S. States, or U.S. territories).

A total of approximately 1,547 Eligible Government Entity Plaintiffs are covered by the Settlement Agreement. The School District Portion of the Settlement Funds will be allocated to approximately 1,489 of these Entities (1461 School Districts and 25 Regional Education Agencies), and the Municipality Portion of the Settlement Funds will be allocated to 58 of these Entities (46 Counties, 11 Cities, and 1 County Health Agency). As noted above, each total Settlement Payment (and total Bonus Payment) will be divided such that the Municipality Portion is 21.5% and the School District Portion is 78.5%, assuming that *all* Eligible Government Entity Plaintiffs agree to participate in this Settlement Program. Thus, the total maximum Settlement Payment funds to be received by the Settling Municipalities is \$119,000,000 (plus a maximum of \$9,675,000 in Bonus Payments) and by the Settling School Districts is \$436,000,000 (plus a maximum of \$35,325,000 in Bonus Payments).

The accompanying "JUUL School District Allocation Approach" document sets out in detail the method and factors approved by the court-appointed Mediator for allocating the School District Portion of the Settlement Funds among the 1,489 Eligible School Districts. (A similar method is used to determine the allocation for the Municipality Portion of the Settlement Funds.) The accompanying "Final Allocation: School Districts and Regional Education Agencies" document sets out each of the 1,489 Eligible School District Entities' allocated percentage and dollar amount share of the \$555,000,000 total Settlement Payment along with each Entity's relevant allocation factors.

We believe that each Eligible Government Entity's settlement offer value under this Settlement Agreement fairly reflects the circumstances of each Government Entity's case against JLI. If you have any questions regarding the court-appointed Mediator's allocation factors and method, the amount of your allocated share of the Settlement Funds, or any aspect of the information provided in this "Description of Confidential Settlement Agreement" document, please contact us and we will be happy to answer your questions.

Use of Settlement Proceeds

The settlement proceeds are intended to be used for "compensatory restitution or remediation," and no amount to be distributed under the Settlement Agreement "represents reimbursement to any Settling Government Entity Plaintiff for the costs of any investigation or litigation (except for the amounts paid for Attorney's fees and Expenses pursuant to Section 19 of this Settlement Agreement)." Compensatory restitution or remediation are broad terms that are not specifically enumerated or defined in the Settlement and thus provide flexibility to Settling Government Entity Plaintiffs to use the settlement proceeds to address the problem of youth vaping and nicotine addiction. Each Settling Government Entity is required to designate a single appropriate official to file a return on IRS Form 1098-F reporting the amount distributable to the Settling Government Entity Plaintiff as restitution/remediation and a copy of such 1098-F form shall be provided to JLI.

Attorneys' Fees, Litigation Costs, and Common Benefit Assessment

Each Eligible Government Entity's Settlement Allocation -- detailed for School Districts in the accompanying court-appointed Mediator's "Final Allocation: School Districts and Regional Education Agencies" document -- is the Entity's gross settlement amount before the reduction for attorney's fees, case expenses, the court-ordered Common Benefit assessment, and any applicable liens.

The attorneys' fees to be paid by each settling Government Entity are those set forth in the Entity's attorney-client contract. Expenses to be reimbursed by a settling Entity will be reflected on the final "Disbursement Statement" (to be provided in the future) and will include case-specific and general expenses. Case-specific expenses are those that benefit a specific Entity (e.g., the costs of filing the Entity's lawsuit). General expenses are those that benefit a larger group of Entities represented by the same law firm. General expenses are allocated across the group of benefited Entities in accordance with the Entity's attorney-client contract. In addition, each settling Entity's net settlement amount will reflect a court-ordered assessment for the Common Benefit Fee and Expense Fund assessment is used by the Court to reimburse the attorneys who spent time and outlaid expenses in connection with Common Benefit Work in the coordinated Federal and California litigation.

<u>Liens</u>

The "Government Entity Release of All Claims" ("Release") to be signed by each Settling Government Entity Plaintiff provides that the Entity "shall identify to the Government Entity Settlement Administrator for the Government Entity Settlement all Persons and entities known to it to hold or assert any Lien with respect to any Settlement Payment." The Release further provides that the settling Government Entity is solely responsible for the "satisfaction and discharge of any and all Liens with respect to any Settlement Payment," and that prior to the first time that an Individual Government Entity Settlement Payment is made to it, the Entity "shall represent and warrant that any and all Liens with respect to any and all Settlement Payments (and/or the right to receive any and all Settlement Payments) have been satisfied and discharged."

<u>Right of Termination</u>

Under the terms of the Settlement Agreement, JLI retains the right to terminate this Settlement Agreement if more than a certain number of Eligible Government Entity Plaintiffs do not timely accept their settlement offers through the Settlement Program and submit a properly executed "Government Entity Release of All Claims." JLI also retains the right to terminate this Settlement Agreement if the MDL Court does not grant Final Approval to the Class Settlement Agreement for which the Court did grant Preliminary Approval on January 20, 2023. If this Settlement Agreement is terminated for any reason, the JUUL-related claims of each Eligible Government Entity against JLI shall revert to the same position they were in immediately prior to the execution of this Settlement Agreement, and those claims against JLI will continue to be prosecuted in the court system.

⁴ This assessment is required by parallel federal and state court orders: Case Management Order 5(A) "Establishing a Common Benefit Fee and Expense Fund," entered on May 27, 2020, by Judge William H. Orrick, U.S. District Court Northern District of California in *In re: JUUL Labs, Inc., Marketing, Sales Practices, and Products Liability Litigation* (MDL No. 2913); and Case Management Order 10 -- "Public Entity Plaintiffs' Supplemental Common Benefit Order," entered on July 28, 2020, by Judge Ann I. Jones, Superior Court of the State of California, County of Los Angeles-Spring Street in *JUUL Labs Product Cases* (JCCP No. 5052). Both orders provide for a Costs Assessment of 2% and a Fee Assessment of 5% (or, in one instance, 8%) of the gross settlement amount. "Late Participating Counsel" under Judge Orrick's CMO 5(A) are the lone exception and are subject to an 8% Fee Assessment.

Confidentiality and Non-Disparagement

Under the terms of the Settlement Agreement and the Release, the terms of the Settlement Agreement are confidential and are intended to remain confidential to the extent permitted by law. No Government Entity or its counsel may disclose any terms of the Settlement Agreement, including the amount of any Settlement Payment to any Person except as may be required by applicable Law (including open records and open meeting laws) or to effectuate the settlement. A Settling Government Entity may disclose such information to its counsel, accountants and/or financial advisors, each of whom the Entity shall, upon such disclosure, instruct to maintain and honor the confidentiality of such information. This confidentiality provision is not to be construed to prevent the settling Entity from revealing that a settlement has been reached.

<u>Please read the "Confidentiality" provision of the Release carefully.</u> The Defendant may take legal action against a Government Entity including seeking injunctive or other equitable relief or an order requiring the breaching Government Entity to forfeit some or all of its settlement proceeds if it is determined to have violated the confidentiality provision of the Release.

In addition, the Settlement Agreement provides that neither JLI nor any Settling Eligible Government Entity Plaintiff nor "its counsel, or anyone else acting on behalf of any of them, shall make any premeditated public statement disparaging any Party [to the Settlement Agreement] or its counsel in connection with the Government Entity Plaintiffs' cases, this Settlement Agreement or JUUL Products."

GOVERNMENT ENTITY RELEASE OF ALL CLAIMS

Rocky Point UFSD , the undersigned Releasor (the "Releasor"), is a plaintiff in the Juul Labs Inc. ("JLI"), Marketing, Sales Practices, and Products Liability Litigation. Releasor has received the disclosure documents regarding the allocation of the Government Entity Settlement Payments including its own expected settlement offer amount and has chosen to participate in the Government Entity Settlement Program¹ set forth in the Government Entity Settlement Agreement dated as of December 6, 2022. Releasor understands that the terms of the Government Entity Settlement Agreement and this Release govern the resolution of Releasor's claim. Releasor understands and agrees that this Release shall become effective concurrent with JLI's payment of the Initial Government Entity Settlement Amount described in the Settlement Agreement. Once effective, this Release shall release any and all Claims Releasor and the other Releasing Parties have, or may have in the future, against the Released Parties concerning and/or connected with JUUL Products and/or with any injury Releasor has ever claimed, or may at any time in the future claim, the Released Parties caused in whole or in part concerning and/or connected with JUUL Products.

Accordingly, in consideration for the Released Parties' agreement to establish the Government Entity Settlement Program, the significant expenses being incurred by JLI in connection with the Government Entity Settlement Program, and the compensatory restitution or remediation amounts to be received for the Releasor's claim in connection with the Government Entity Settlement, Releasor hereby gives and makes the following Release. By signing this Release, Releasor understands and acknowledges that although Releasor has received the disclosure documents regarding the allocation of the Government Entity Settlement Amount, including its own expected settlement amount, there is no assurance as to the precise amount of the payment to be made to any claimant under the Government Entity Settlement, and this fact shall in no way affect the validity or effect of this Release.

Definitions: As used in this Release, and in addition to the definitions set forth in the Preamble above, capitalized terms shall have the following definitions and meanings or such definitions and meanings as are accorded to them elsewhere in this Release. Terms used in the singular shall be deemed to include the plural and vice versa.

- 1. "Claim-Over" occurs when (a) a settling Government Entity Plaintiff asserts a Claim relating to the Released Claims and Liabilities against any Person that is not a Released Party (a "Non-Released Party") and obtains a resulting judgment (a "Non-Released Party Judgment"); and (b) such Non-Released Party in turn obtains a judgment against a Released Party on a claim for contribution or indemnity or any similar theory other than contractual indemnification relating to such Non-Released Party's joint liability with such Released Party.
- 2. "Claims" means any and all rights, remedies, actions, proceeding under any Law, claims, demands, causes of action, suits at law or in equity, verdicts, enforcement

Reynolds, NJOY, VUSE, or any other vaping or e-cigarette company, or any of their respective past, present, or future parents, subsidiaries, and affiliates. Nothing in the Settlement Agreement or in Release Document is intended to, or does, constitute a release of a Non-Released Party. Releases: Except as set forth in the section "Pursuit of Certain Claims" below, on its own behalf and on behalf of each other Releasing Party, Releasor hereby knowingly and voluntarily releases, relinquishes, and forever discharges the Released Parties from the Released Claims and Liabilities. Further, on its own behalf and on behalf of each other Releasing Party, Releasor hereby releases Released Parties from responsibility or liability for any individual settlement amount allocation, or division, or payment of any individual settlement amount in the Government Entity Settlement Agreement or Government Entity Settlement Program. Provided that nothing in this release eliminates or impairs the obligations of the Released Parties to fund the Government Entity Settlement Program under the Government Entity Settlement Agreement.

Releasor acknowledges that it may in the future learn of additional and/or different facts as they relate to JUUL Products, the Released Parties' activities as they relate to JUUL Products, and/or any injury Releasor has ever claimed, or may at any time in the future claim, JUUL Products caused in whole or in part. Releasor understands and acknowledges the significance and consequences of releasing all of the Released Claims and Liabilities and hereby assumes full risk and responsibility for any and all such additional and/or different facts and any and all Released Claims and Liabilities that Releasor may hereinafter incur or discover. To the extent that any Law may at any time purport to preserve Releasor's and/or any other Releasing Party's right to

hereinafter assert any such unknown and/or unanticipated Claims and/or Liabilities, Releasor hereby specifically and expressly waives (to the fullest extent permitted by applicable Law) each Releasing Party's rights under such Law. Releasor further acknowledges having had an opportunity to obtain advice of counsel of its choosing regarding this waiver, and having discussed it with such counsel to its satisfaction.

On its own behalf and on behalf of each other Releasing Party, Releasor acknowledges and agrees that the releases set forth in this Release are irrevocable and unconditional, inure to the benefit of each Released Party, and are intended to be as broad as can possibly be created.

WITHOUT LIMITATION OF THE FOREGOING, THIS RELEASE IS SPECIFICALLY INTENDED TO OPERATE AND BE APPLICABLE EVEN IF IT IS ALLEGED, CHARGED, OR PROVED THAT SOME OR ALL OF THE RELEASED CLAIMS AND LIABILITIES ARE CAUSED IN WHOLE OR IN PART BY THE NEGLIGENCE, NEGLIGENCE PER SE, GROSS NEGLIGENCE, BREACH OF WARRANTY, VIOLATION OF LAW, DEFECTIVE PRODUCT, MALICE, AND/OR CONDUCT OF ANY TYPE BY JLI, ANY OF THE OTHER RELEASED PARTIES, ANY RELEASING PARTY AND/OR ANY OTHER PERSON. THIS RELEASE IS SPECIFICALLY INTENDED TO AND DOES INCLUDE, BUT IS NOT LIMITED TO, A RELEASE OF, AND COVENANT NOT TO SUE FOR, ANY LATENT, FUTURE, OR WRONGFUL DEATH CLAIM THAT MAY BE BROUGHT AT ANY TIME OR ON BEHALF OF ANY OF THE RELEASING PARTIES IN CONNECTION WITH ANY OF THE FACTS, EVENTS AND/OR INCIDENTS THAT GAVE RISE TO ANY OF THE RELEASED CLAIMS AND LIABILITIES.

<u>Waiver of Civil Code Section 1542</u>: Releasor, along with each of its personal representatives, officers, employees, attorneys, administrators and assigns, expressly waives and relinquishes, to the fullest extent permitted by law, the provisions, rights, and benefits of California Civil Code Section 1542, or any other similar provision under federal or state law, which provides:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

Releasor acknowledges that it may have sustained damages, losses, fees, costs or expenses that are presently unknown and unsuspected, and that such damages, losses, fees, costs or expenses might give rise to claims in the future. Nevertheless, Releasor acknowledges that this Release has been negotiated and agreed upon in light of such possible damages, losses, fees, costs or expenses, and it acknowledges and waives such claims.

In the event of a Recovery Claim in a bankruptcy of JLI or any of its affiliates that concludes by voiding or reversing the prior payment of the Initial Government Entity Settlement Amount by JLI or any of its affiliates, then Releasor's Release shall become ineffective until such time as the Recovery Claim has been resolved to provide Releasor the benefit of its Individual Government

Entity Settlement Payment. In the event of a Recovery Claim in a bankruptcy of one or more of the Backstop Parties that concludes by voiding or reversing the prior payment of the Initial Personal Injury Settlement Amount, then Releasor's Release shall become ineffective until such time as the Recovery Claim has been resolved to provide Releasor the benefit of its Individual Plaintiff Settlement Payment. For avoidance of doubt, however, Releasor must challenge the preference by every available means in bankruptcy and on appeal before attempting to re-open its litigation against the Released Parties.

Characterization of Settlement Payments: Releasor sought compensatory restitution and remediation amounts (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as set forth in its complaint, Plaintiff Fact Sheet, and any subsequent pleadings, as alleged damages for past, present, and future financial, societal, and other alleged harms and related expenditures allegedly attributable to the design, manufacture, production, advertisement, marketing, distribution, sale, use, and performance of JUUL Products (the "Alleged Harms"), and the amounts to be paid to Releasor under the Settlement Agreement are for such compensatory restitution or remediation and are no greater than the Alleged Harms suffered by the Releasor. The amounts paid to Releasor are being paid as compensatory restitution to restore, in whole or in part, Releasor to the same condition or position it would have been in had it not suffered such Alleged Harms. No amount paid to Releasor represents reimbursement to Releasor for the costs of any investigation or litigation (except for the amounts paid for Attorney's Fees and Expenses pursuant to Section 16 of the Settlement Agreement) and no portion of any amount paid to Releasor under this Settlement Agreement is in lieu of any fine or penalty, and no such amounts are properly characterized as disgorgement or the payment of statutory or other fines, penalties, punitive damages, other punitive assessments (including treble damages).

Attorneys' Fees: Division of Any Individual Government Entity Settlement Payment: Releasor understands that the Released Parties are not responsible for any attorneys' fees or costs Releasor has incurred or may at any time incur, including, but not limited to, entering into this Release and any other documents. Releasor understands that, with respect to Individual Government Entity Settlement Payment, any dispute regarding the division of such gross Individual Government Entity Settlement Payment between it and its counsel (if any) shall in no way affect the validity of this Release.

Pursuit of Certain Claims: Releasor agrees that it will never (i) take any legal or other action to initiate, pursue or maintain, or otherwise attempt to execute upon, collect or otherwise enforce, any of the Released Claims and Liabilities of or against any Released Party; (ii) institute or participate in any new legal action (excluding criminal prosecutions) against any Released Party to any extent, or in any way, arising out of, relating to, resulting from and/or connected with any conduct a Released Party engaged in on or before the Execution Date , but specifically not including any legal action relating to or involving an e-cigarette or other vaping product by a Non-Released Party, provided such legal action against the Non-Released Party is not also brought against a Released Party; (iii) attempt to execute or collect on, or otherwise enforce, any judgment that may be entered against any Released Party in any legal action described in clause (ii) or its pending legal action against JLI; or (iv) take any legal or other action against any Released Party concerning the administration, settlement allocation, individual settlement amount, or any other aspect of the Government Entity Settlement Program.

<u>Liens and Other Third-Party Pavor Claims</u>: Releasor agrees that prior to the first time, if any, that a Settlement Payment is made to it, Releasor shall identify to the Government Entity Settlement Administrator for the Government Entity Settlement all Persons and entities known to it to hold or assert any Lien with respect to any Settlement Payment (and/or the right to receive such Settlement Payment) payable to it, through procedures and protocols to be established by the Government Entity Settlement Entity Settlement Entity Settlement.

Releasor understands and acknowledges that satisfaction and discharge of any and all Liens with respect to any Settlement Payment (and/or the right to receive any Settlement Payment) is its sole responsibility, to be established to the satisfaction of the Government Entity Settlement Administrator before any Settlement Payment (if any) can be disbursed to Releasor.

Prior to the first time, if any, that an Individual Government Entity Settlement Payment is made to it, Releasor shall represent and warrant that any and all Liens with respect to any and all Settlement Payments (and/or the right to receive any and all Settlement Payments) have been satisfied and discharged. Furthermore, upon request to the Government Entity Settlement Administrator, JLI shall be entitled to proof of satisfaction and discharge of any or all such Liens. Documentation of a holdback amount determined by the Government Entity Settlement Administrator shall count as sufficient proof for the release of funds to the Government Entity.

<u>Claim-Over</u>: Releasor agrees if (a) a Settling Government Entity Plaintiff asserts a Claim relating to the Released Claims and Liabilities against any Person that is not a Released Party (a "Non-Released Party") and obtains a resulting judgment (a "Non-Released Party Judgment"); and (b) if such Non-Released Party asserts a claim for contribution or indemnity or any similar theory other than contractual indemnification relating to such Non-Released Party's joint liability with such Released Party (a "Claim-Over"), then the Settling Government Entity Plaintiff and the Released Party shall take the following steps:

(1) Releasor shall jointly seek a bar order from the MDL Court or such other court as may have jurisdiction reflecting that this settlement is a good faith settlement and that relevant state laws governing such settlements should be enforced;

(2) Releasor, with respect to any proceeding to which it is a party, shall consent to and join in, and with respect to all other proceedings shall consent to, any motion by JLI or any of the other Released Parties against any Non-Released Party to dismiss any Claim-Over on the grounds that this Agreement and/or the Settlement moots or otherwise extinguishes any such Claim-Over.

(3) Releasor, jointly with JLI, shall engage a mediator to determine whether some portion of any funds that have been paid as part of the Non-Released Party Judgment should be held in escrow pending resolution of legal issues related to the Claim-Over. In no event shall the escrow funds exceed the lesser of (i) the amount received by Releasor under the Settlement Agreement, or (ii) the amount of the Claim-Over Judgment.

(4) In the event that the Non-Released Party obtains a judgment against the Releasing Party for a Claim-Over related to a Non-Released Party Judgment, the settling Government

Entity Plaintiff that won the Non-Released Party Judgment shall reduce the unsatisfied amount of the Non-Released Party Judgment by the lesser of (i) the amount received by Releasor under the Settlement Agreement, or (ii) the amount of the Claim-Over Judgment; provided that the amount of such reduction shall in no event be greater than the thenunsatisfied amount of the Non-Released Party Judgment.

Non-Party Settlement: To the extent that on or after the date of this Settlement Agreement Releasor settles any Claims it may have against any Non-Released Party relating to the Released Claims and Liabilities and provides a release to such non-party or non-parties (a "Non-Party Settlement"), Releasor shall (i) include in the Non-Party Settlement a release from such Non-Released Party in favor of the Released Parties (in a form equivalent to the releases contained herein) of any Claim-Over under which JLI or any other Released Party may be liable to pay any part of such Non-Party Settlement or may otherwise be liable to such Non-Released Party with respect thereto, and/or (ii) a provision substantively identical to Section 16.4 of the Government Entity Settlement Agreement prohibiting pursuit of a claim for contribution or indemnity or any similar theory other than contractual indemnification relating to such Non-Released Party's joint liability with such Released Party.

No Released Party shall seek to recover for amounts paid under this Settlement Agreement based on indemnification, contribution, or any other theory from any other party. For the avoidance of doubt, nothing herein shall prohibit a Released Party from recovering amounts owed pursuant to insurance contracts.

Releasor, by accepting the settlement set forth in the Settlement Agreement, accepts that it is responsible for any tax consequences arising from, related to, or in any way connected with the relief afforded to it under this Settlement Agreement.

<u>Confidentiality</u>: Releasor agrees to maintain in confidence, and shall not disclose to any person, the amount of any Settlement Payment, except as may be required by applicable Law (including open records and open meeting laws) or to effectuate the settlement; provided, that Releasor understands that it may disclose such information to counsel, accountants and/or financial advisors, if any (each of whom Releasor shall, upon such disclosure, instruct to maintain and honor the confidentiality of such information). This provision shall not be construed to prevent Releasor from revealing that a settlement has been reached. Releasor agrees that if it breaches this confidentiality provision, money damages would not be a sufficient remedy and, accordingly, without limitation of any other remedies that may be available at law or in equity, JLI shall be entitled to specific performance and injunctive or other equitable relief as remedies for such breach.

ACKNOWLEDGEMENT OF COMPREHENSION: RELEASOR IS ENTERING INTO THIS RELEASE FREELY AND VOLUNTARILY, WITHOUT BEING INDUCED, PRESSURED OR INFLUENCED BY, AND WITHOUT RELYING ON ANY REPRESENTATION OR OTHER STATEMENT MADE BY OR ON BEHALF OF, JLI OR ANY OTHER PERSON. RELEASOR UNDERSTANDS AND ACKNOWLEDGES THE NATURE, VALUE AND SUFFICIENCY OF THE CONSIDERATION DESCRIBED IN THE SECOND PARAGRAPH IN THIS RELEASE. RELEASOR ACKNOWLEDGES

THAT IT HAS READ THIS RELEASE AND THE GOVERNMENT ENTITY SETTLEMENT AGREEMENT, AND RELEASOR HAS HAD AN OPPORTUNITY TO OBTAIN ADVICE FROM, AND ASK QUESTIONS OF, COUNSEL OF ITS CHOOSING **REGARDING THE TERMS AND LEGAL EFFECT OF THESE DOCUMENTS AND ITS** DECISION TO PARTICIPATE IN THE GOVERNMENT ENTITY SETTLEMENT PROGRAM. RELEASOR FURTHER ACKNOWLEDGES THAT IT HAS DISCUSSED ALL THESE MATTERS WITH THE COUNSEL TO IT EXECUTING Α "CERTIFICATION OF COUNSEL" ATTACHED TO THIS RELEASE, AND SUCH COUNSEL HAS ANSWERED ALL ITS QUESTIONS TO ITS SATISFACTION. RELEASOR FURTHER ACKNOWLEDGES THAT IT UNDERSTANDS THIS RELEASE AND AGREEMENT AND THAT ALTHOUGH IT HAS RECEIVED DISCLOSURE DOCUMENTS REGARDING THE ALLOCATION OF THE GOVERNMENT ENTITY FUND AND ITS EXPECTED SETTLEMENT AMOUNT THERE IS NO GUARANTEE OF THE PRECISE AMOUNT OF THE SETTLEMENT PAYMENT THAT IT WILL **RECEIVE THROUGH THE SETTLEMENT PROGRAM.**

<u>Waiver of Certain Provisions Regarding Timing of Any Payments</u>. If Releasor has any civil action pending in any jurisdiction that has enacted, promulgated, or otherwise adopted any Law containing provisions that establish specific time periods within which settlement funds, if any, must be paid to it in connection with the settlement of such civil action and/or impose sanctions; penalties or other similar obligations against the paying party if the settlement funds are not paid within such time periods and/or invalidate or otherwise affect the terms of the settlement of such civil action, Releasor hereby (i) specifically and expressly waives (to the fullest extent permitted by applicable Law) its rights under any such provisions and (ii) agrees that payment of any Settlement Payment shall be made solely in accordance with the terms and conditions of the Government Entity Settlement Program.

<u>No Admission of Fault</u>: Releasor understands and agrees that JLI has entered into this Release and the Government Entity Settlement Agreement solely by way of compromise and settlement. These documents are not and shall not be construed at any time to be, an admission or concession by JLI or any other Released Party of any liability or wrongdoing, or of the truth of any of the Government Entity Plaintiffs' allegations.

Representations and Warranties: Releasor hereby represents and warrants that Releasor has full power, authority and capacity to enter into this Release, which is enforceable in accordance with its terms. Except as set forth in the section "Attorneys' Fees; Division of Any Individual Government Entity Settlement Payment" above, Releasor affirms that it has the sole right to receive any and all Individual Government Entity Plaintiff Settlement Payments with respect to Releasor's claim under the Settlement Program. Neither Releasor nor any other Releasing Party has sold, assigned, transferred or otherwise disposed of, or pledged or otherwise encumbered, any of the Released Claims and Liabilities in whole or in part.

<u>GOVERNING LAW</u>: THIS RELEASE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE SUBSTANTIVE LAW OF CALIFORNIA, WITHOUT REGARD TO ANY CHOICE-OF-LAW RULES THAT WOULD REQUIRE THE APPLICATION OF THE LAW OF ANOTHER JURISDICTION. <u>Severability</u>: Releasor agrees that if any provision of this Release is adjudicated to be invalid, illegal or unenforceable in any jurisdiction, the relevant provision shall be deemed modified to the extent necessary to make it enforceable in such jurisdiction and, if it cannot be so modified, this Release shall be deemed amended to delete herefrom the invalid or unenforceable provision, and this Release shall be in full force and effect as so modified. Any such modification or amendment in any event shall apply only with respect to the operation of this Release in the particular jurisdiction. To the fullest extent permitted by applicable Law, Releasor hereby (on its own behalf and on behalf of each other Releasing Party) specifically and expressly waives any provision of Law that renders any provision of this Release invalid, illegal or unenforceable in any respect.

<u>Electronic Signatures</u>: This Release, and any exhibits thereto, to the extent signed and delivered electronically or by facsimile, shall be treated in all manner and respects as an original agreement, and shall be considered to have the same binding legal effect as if it were the original signed version thereof, delivered in person.

JUUL School District Allocation Approach

This document describes the allocation method used to determine how a global settlement amount will be distributed among the group of litigating educational entities. A similar method is applied to the allocation for counties and cities. As of February 14, 2023, the total number of litigating educational entities was 1,495,¹ comprised of 1,464 school districts and 31 regional education agencies.² **Table 1** provides a distributional summary of litigating entities by type and size.

TABLE 1. SUMMARY OF LITIGATING EDUCATIONAL ENTITIES, BY ENTITY TYPE³

The allocation method relies on student population as the primary allocation factor, with the number of physical schools serving as a secondary factor for school districts. Given the heterogeneity of the group of litigating educational entities, the allocation method also incorporates additional weighting factors and rules establishing a minimum and maximum allocation per entity. The allocation method is described in greater detail below.

¹ Per the terms of the Master Settlement Agreement, the allocation excludes entities that did not retain counsel by 12/6/2022 or did not submit a Plaintiff Fact Sheet by 1/13/2023.

² Regional education agencies are agencies which provide specialized education services and support for more than one school district. These include County Offices of Education (CA), Educational Service Centers (OH), Boards of Cooperative Educational Services (NY), and Intermediate School Districts (MI). ³ As discussed further in Section A, regional education agencies may also directly administer a group of schools within its jurisdiction. In the 12 instances where the NCES enrollment for those schools is non zero, a regional education agency is counted twice – once as a school district and once as a regional education agency.

A. ALLOCATION FACTORS

Student population is the primary factor used to determine the share of a global settlement that each entity will receive, where each entity is provided a fixed dollar amount per student. Student population is drawn from the National Center of Education Statistics (NCES) Elementary/Secondary Information System (ELSI) for the school year 2020-21.^{4,5}

The allocation model includes a second factor: **number** of **schools**. The same NCES data set is used to determine the number of schools operated by each school district. This second factor is intended to recognize that a portion of abatement costs is driven by the number of schools that a school district operates.

For both student population and the number of schools, the allocation model weights elementary and middle school-aged students to high school-aged students at a ratio of one-third, and twothirds, respectively. **Table 2** below shows how the model defines elementary, middle, and high school-aged students. Schools are defined based on the highest grade level served. For example, a school that serves kindergarten through fifth grade is defined as an elementary school where a school that serves kindergarten through eighth grade is defined as a middle school. These weightings recognize that the potential for JUUL use generally increases with age.

TABLE 2. GRADE-LEVEL WEIGHTING FACTORS							
	WEIGHTING FACTOR	SCHOOL DISTRICTS					
Elementary School (ES)	1/3	Grades PK-5					
Middle School (MS)	2/3	Grades 6-8					
High School (HS)	1	Grades 9-12					

TABLE 2. GRADE-LEVEL WEIGHTING FACTORS

.

In addition to grade-level weighting, the allocation model incorporates the following additional factors:

• **Special Consideration for Bellwethers.** In recognition of the additional level of effort and associated litigation costs, all litigating entities that are serving as bellwether cases will receive a baseline allocation of 0.720 percent (or \$4.00 million under the current \$555 million settlement) and a weighting factor of 4.5.

In recognition of its role as both a municipality and an administrator of the local school district, the City of Rochester will receive a baseline allocation of 0.720 percent as a school district (or \$4.00 million under the current \$555 million settlement) and a separate baseline allocation of 0.0720 percent as a city (or \$400,000 under the current \$555 million settlement). In addition, the allocation method applies a 5.0 weight to the City of Rochester.

• **Regional Education Agencies.** The allocation method applies a 0.05 weighting to regional education agencies. This weighting is intended to recognize the more minimal level of engagement and interaction that occurs between these entities and students relative to school districts. Regional education agencies may also directly administer a group of schools

 ⁴ U.S. Department of Education. Institute of Education Sciences, National Center for Education Statistics. See Elementary/Secondary Information System. Available online at: <u>https://nces.ed.gov/ccd/elsi/</u>
 ⁵ For Regional Education Agencies, we calculate the population as the total population of all districts served by that agency.

within its jurisdiction; the method separately treats these schools and the associated student population as a school district for purposes of allocation.⁶

• Litigation Risk Weighting. The allocation method incorporates three factors to reflect litigation risk: (a) entity size as measured by student population, (b) filing status, and (c) state jurisdiction. Note, these weighting factors do not apply to bellwethers.

Entity Size. As previously discussed, the group of litigating entities is highly heterogenous with respect to the number of students that each entity serves. In general, there is an inverse relationship between entity size (based on the number of students served) and litigation risk. Accordingly, the allocation method incorporates the following weights based on student population (**Table 3**). These weights apply to both the per student and per school portions of the allocation method.

STUDENT POPULATION	WEIGHTING FACTOR
< 10,001	0.50
10,001 to 25,000	0.75
25,001 to 100,000	1.00
100,001 to 200,000	1.25
>200,000	1.50

TABLE 3. LITIGATION RISK WEIGHTING BY SIZE CLASS: SCHOOL DISTRICTS

Filing Status. In addition to size, the allocation method also considers filing status as a secondary risk factor. Specifically, we define three filing groups:

- Filing Group 1 includes entities filed before 9/1/2022.
- Filing Group 2 includes entities filed after 9/1/2022 or filed after 10/3/2022 but appearing on either of two MDL census lists.⁷
- Filing Group 3 includes entities filed after 10/3/2022 but retained prior to 12/6/2022. Any entity retained after 12/6/2022 is excluded from the allocation.

No adjustments are applied to entities in Filing Group 1. **Table 4** show the percentage discounts applied to Filing Groups 2 and 3. Note, the discount for Filing Group 3 is applied on top of the Filing Group 2 discount.

⁶ For example, San Diego County Office of Education supports all the districts in SD County (which include almost 500,000 students) and directly runs 7 schools with over 1,000 students.

⁷ The allocation method considers presence on either the MDL census dated 12/2019 and 10/4/2022.

>200,000	1.50		0.90		0.32

TABLE 4. LITIGATION RISK WEIGHTING: SCHOOL DISTRICTS

State Jurisdiction. Finally, the method applies a 0.50 weighting for litigating entities located in the State of Oklahoma. This factor reflects information provided by the legal team regarding rulings issued by the Oklahoma Supreme Court that would have a likely negative effect on cases brought in that state.

B. MINIMUM AND MAXIMUM ALLOCATION PER ENTITY

Given the heterogeneity of the educational entities, the allocation method applies the following minimum and maximum allocation rules:

- Minimum Allocation. The minimum allocation for any entity is 0.0015 percent of the total settlement amount, or \$8,300 based on the current settlement amount of \$555 million. Funding for minimums is taken from all entities above the minimum in proportion to their original allocation excluding baseline allocation amounts to the bellwether entities.
- Maximum Allocation. The maximum allocation for any entity is 4.286 percent of the total settlement amount, or \$23.79 million based on the current settlement amount of \$555 million. Any funding in excess of the maximum allocation is redistributed to the remaining litigating entities in proportion to their original allocation excluding baseline allocation amounts to the bellwether entities. Entities that received the minimum allocation do not receive any of the redistributed 'excess' funding.

To execute the minimum and maximum allocation rules, we first find all entities below the minimum allocation and bring them up to the minimum allocation by redistributing funds from all entities which receive more than the minimum allocation. If this redistribution results in any entities falling below the minimum, the process is repeated. After ensuring that all entities receive the minimum allocation, we then find all entities above the maximum allocation. We redistribute all funding in excess of the maximum to the subset of entities below the maximum, excluding the subset of entities that received the minimum allocation. This process is repeated until no entities receive more than the maximum allocation.⁹

C. ALLOCATION PER STUDENT AND PER SCHOOL

The allocation is distributed using a defined dollar amount per student and, for school districts, an additional amount based on a defined dollar amount per school. To calculate the amount per student (or per school), the total amount allocated to students is divided by the total student (or school) population, adjusted for the weighting factors described above. The steps for calculating the

⁹ For the minimum and maximum allocation rule the process is repeated once under the current allocation.

per student allocation for school districts is described in greater detail below. The steps are the same for calculating the per school allocation for school districts.

To calculate the per student allocation for school districts:

1. Calculate the share of the global settlement allocated to students for school districts.

Under the current allocation method, 78.5 percent of the global settlement is allocated to school districts and 21.5 percent to municipalities (i.e., cities and counties). After taking into the baseline allocation for school districts (e.g., \$4 million for bellwethers), the remaining amount is allocated: 80 percent in proportion to the weighted number of students and 20 percent in proportion to the weighted number of schools. Appendix A provides an illustration of these allocations between school districts and municipalities, and within school districts, between students and schools.

2. Calculate the sum of the weighted student population for all school districts.

In the below formula, the *Entity Weight* refers to the product of all weighting factors applicable to a specific entity. For example, a regional education agency that serves 25,000 students has a weight of 0.0375 (i.e., 0.05 multiplied by 0.75).

Total Weighted Student Population =
$$\sum_{Entities}$$
 Weighted Student Population_{Entity}

Where:

Weighted Student Population_{Entity}

 $= \left(\text{ES Students}_{Entity} \times \frac{1}{3} + \text{MS Students}_{Entity} \times \frac{2}{3} + \text{HS Students}_{Entity} \right) \times \text{Entity Weight}_{Entity}$

Some examples:

The weighted population for a bellwether school district is the sum of the following three figures multiplied by an Entity Weight of 4.5:

- Elementary school students subtotal multiplied by 1/3
- Middle school students subtotal multiplied by 2/3
- High school students subtotal

The weighted population for a school district with less than 10,000 students is the sum of the following three figures multiplied by an Entity Weight of 0.50:

- Elementary school students subtotal multiplied by 1/3
- Middle school students subtotal multiplied by 2/3
- High school students subtotal
- 3. Calculate the 'dollar per weighted student' by dividing the per student portion of the allocation (Step 1) by the weighted student population (Step 2).

\$ per Weighted Student = Per Student Portion of School District Allocation Total Weighted Student Population

Appendix B includes examples of the per capita calculations for students and schools for the global settlement amount.

D. ALLOCATION FORMULA

With the per student and per school allocation amount calculated, the formulas below calculate the allocation amount by entity type. **Appendix B** includes example allocations for representative school districts.

School District Allocation Formula

Allocation_{Entity} = Baseline_{Entity}

+ \$ per Weighted Student \times Weighted Student Population_{Entity}

Per capita allocation

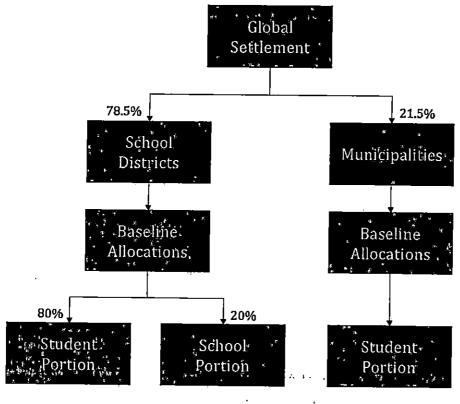

+ \$ per Weighted School \times Weighted Number of Schools_{Entity}

+ % change in per capita allocation from the reallocation of max and mins

Below is the allocation formula broken down separately between students and schools:

Table B.2 shows the number of students, unweighted and weighted, by grade level for all currently litigating school districts and regional offices of education. Distribution of allocation from minimum and maximum allocation rules

As discussed in **Section B**, the allocation method applies an iterative process to raise the allocation amount for all entities below the minimum and redistributing excess funding for entities above the maximum.⁹ **Table B.4** presents the aggregate change in funding from these two rules and then presents the change in allocation as a percentage for the subset of entities above the minimum but below the maximum.

Tables B.5 to B.7 summarize allocations for *example* school districts under a global settlement amount of \$555 million.

Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the required subcomponent is used or locally determined if the optional subcomponent is selected.

Each teacher shall have a locally determined Student Learning Objective (SLO) consistent with the goal-setting process determined by the Commissioner.

Task 2. TEACHERS: Required Student Performance - Student Learning Objectives

Page Last Modified: 11/13/2022

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used as the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- · identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> <u>Collectively attributed results</u>: scores and ratings will be based on the growth of <u>all students in a school or program</u> or <u>students across</u> buildings/programs in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

> <u>Collectively attributed linked results</u>: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

State assessment(s); or

SLO Assurances

Please read the assurances below and check each box.

Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.

Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner

consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.

Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

Assure that processes are in place for the superintendent to monitor SLOs.

Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth

parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of the Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent

Page Last Modified: 11/13/2022

Optional Student Performance Subcomponent

For guidance on the optional subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- · Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or Statedesigned supplemental assessments;
- Option (D) A performance Index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental
 assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the optional subcomponent will be used by making the appropriate selection below.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 03/07/2023

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

Teacher Practice Rubric

Rubric Name	If more than one rubric is utilized,
	please indicate the group(s) of
	teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Please read the assurances below and check each box.

E Assure that the same rubric(s) is (are) used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.

E Assure that the same rubric(s) is (are) used for all observations of a classroom teacher across the observation types in a given school year.

Rubric Rating Process

For more information on the Teacher Observation category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score teacher observations using the selected practice rubric: Domains 1-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each observation, evidence is collected for all observed subcomponents in a domain. A holistic domain score is then determined for each teacher. These domain scores are weighted as indicated above to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the observation cycle.

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Please read the assurances below and check each box.

- Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- Assure that all components of the selected practice rubric designated as observable are assessed at least once and that each of the

NYS Teaching Standards is covered across the total number of annual observations.

Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a

component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).

Assure that the process for assigning scores and/or ratings for each teacher observation is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

Subcomponent level (each observable subcomponent receives a rating)

How are the observable components of the selected rubric(s) weighted?

E Each component is weighted equally and averaged

Scoring the Observation Category

If an evaluator conducts multiple observations of the same type, how are those observations weighted? Examples of observations of the same type include but are not limited to:

- Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.
- Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.

Multiple observations of the same type are weighted equally

Please read the assurances below and check each box.

2. Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the

selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.

Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category		
	Score and Rating		
	Minimum	Maximum	
н	3.5 to 3.75	4.0	
E	2.5 to 2.75	3.49 to 3.74	
D	1.5 to 1.75	2.49 to 2.74	
I	0.00*	1.49 to 1.74	

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of observations are locally determined.
- · Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
- LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.

Required Subcomponents

• At least one of the required observations must be unannounced (across both required subcomponents).

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

• At least one observation must be conducted by the building principal or other trained administrator.

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least one observation must be conducted by an impartial independent trained evaluator.
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Optional Subcomponent: Observations by Trained Peer Observer(s)

- · If selected, at least one observation must be conducted by a trained peer observer.
- Peer teachers are trained and selected by the LEA. Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.

Observation Assurances

Please read the assurances below and check each box.

Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

- 2 Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the observation process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that observations are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.

Required Student Performance Measures

The required student performance measure for a principal may be either a student learning objective (SLO) or an input model, where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

Individually attributed results: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- · identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- · when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> Collectively attributed results: scores and ratings for the selected principals will be based on the growth of students in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- State assessment(s); or

Assessment(s) that are selected from the list of State-approved:

- third party assessments; or
- · locally-developed assessments (district-, BOCES-, or regionally-developed).

INPUT MODEL

Selection of the Input Model will require;

- a description of the areas of principal practice that will be evaluated;
- · a description of how the selected areas of principal practice promote student growth;
- · a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

SLO Assurances

Please read the assurances below and check each box.

Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

E For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.

E For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following

characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.

E For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

E For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

Task 8. PRINCIPALS: Optional Student Performance - Use of the Optional Subcomponent

Page Last Modified: 11/13/2022

Optional Student Performance Subcomponent

For guidance on the optional subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Percentage of Student Performance category to be locally determined if selected.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or Statedesigned supplemental assessments;

- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental
 assessments;
- Option (F) Four, five, or six-year high school graduation rates;
- Option (G) An input model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the optional subcomponent will be used by making the appropriate selection below.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 11/13/2022

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

Rubric Name		If more than one rubric is utilized,
		please indicate the group(s) of
		principals each rubric applies to.
Marshall's Principal Evaluation Rubric	чж.н. нь	(No Response)

Please read the assurances below and check each box.

E. Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations across the LEA, configurations as indicated in the table above.

Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

Rubric Rating Process

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 11/13/2022

Please read the assurances below and check each box.

B Assure that the designation of components of the selected practice rubic as observable is locally negotiated.

- ISLLC 2008 Leadership Standards (PSEL standards beginning in 2024-25) is covered, across the total number of annual school visits.
- Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a
- component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- 2 Assure that the process for assigning scores and/or ratings for each principal school visit is consistent with locally determined

processes, including practice rubric component weighting consistent with the description in this plan.

Scoring the School Visit Category

If an evaluator conducts multiple school visits of the same type, how are those school visits weighted? Examples of school visits of the same type include but are not limited to:

- Two school visits by the superintendent with one early in the school year to discuss organizational goals and areas for progress weighted at 40% and one late in the school year to present evidence aligned to goals and areas for progress weighted at 60%
- Several school visits by the principal with one holistic score for each component of the rubric based on evidence collected and observed over the course of the school year.

Please note: Weighting across school visit type (i.e. Supervisor vs. Independent Evaluator) are described in the following section.

Multiple school visits of the same type are weighted equally

Please read the assurances below and check each box.

Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.

Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in the next section, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

Principal School Visits

The principal school visit category is made up of two (2) required and one (1) optional subcomponents.

• The frequency and duration of school visits are locally determined.

- · School visits may not occur by live or recorded video.
- LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.

Required Subcomponents

• At least one of the required school visits must be unannounced (across both required subcomponents).

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

• At least one school visit must be conducted by the superintendent or other trained administrator.

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)*

- At least one school visits must be conducted by an impartial independent trained evaluator.
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

* The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Optional Subcomponent: School Visits by Trained Peer Principal(s)

- If selected, at least one school visit must be conducted by a trained peer principal.
- Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

School Visit Assurances

Please read the assurances below and check each box.

Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

- 🗷 Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required school visits will be unannounced.
- Assure that school visits will not be conducted via video.

Number of School Visits

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.
